Alexandria, VA 22313-1450

STATEMENT OF THE SUBSTANCE OF THE INTERVIEW

Sir:

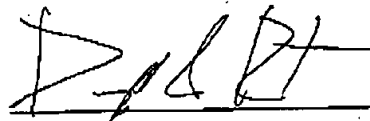

The examiner and I discussed the differences in geometry between valve holder 7 of patent no. 5,002,928 and the distributor of the claims. We also discussed the differences in location between the injection holes of the claims and flow paths 9, 10, 12 of '928. No agreement was reached, but the examiner provided useful guidance.

Respectfully submitted,

Date:

11/11/04

By:

Douglas S. Rupert
